

DANCE EXPRESS

The Medleys are part of what makes Dance Express so special. Too often, bands play long drawn out versions of songs. That's boring. Our philosophy is to keep the audiences interested by playing shorter versions of MORE songs. The results speak for themselves. The individual song section of the songlist is a cross-section of the best party songs we do. If you have a particular favorite you'd like to hear, and you don't see it here, just ask, we probably know it!
